Jade Eagleton
Chandler Macleod
Raymond Terrace / Port Stephens NSW

Dear Jade,

I am applying for the Human Resource Advisor position advertised by Chandler Macleod for Raymond Terrace / Port Stephens. I hold Australian work rights, am available immediately, and am ready to relocate to the Port Stephens / Newcastle region for the contract.

My current role is directly aligned with the position. As General Coordinator of Personnel Management for the Municipality of Xanxere, I coordinate personnel routines supporting more than 1,500 employees across multiple departments, including employee records, attendance, leave information, payroll inputs, onboarding documentation, reports, confidential enquiries and daily case follow-up.

Before this, I worked as an Administrative Assistant in the HR Department, processing employee files, benefits, onboarding documents and daily staff requests in a high-volume public-sector environment. This background has given me a strong foundation in HR administration, discretion, accurate data handling, process compliance and professional support to managers and employees.

Your advertisement highlights HRIS updates, workforce analytics, employment contract variations, payroll movements, employee relations matters, interpretation of policies and industrial instruments, reporting and process improvement. While my HR experience is based in Brazil, I am used to working within formal legislation, policies and procedures, and I am confident learning Australian local government instruments and systems quickly.

I would bring calm judgement, strong records discipline, clear communication and a practical service mindset to the HR Advisor role. I am comfortable working with confidential information, supporting managers with timely follow-up, improving administrative processes and producing accurate workforce information for decision-making.

Thank you for considering my application. I would welcome the opportunity to discuss how my local-government HR background and personnel coordination experience can support your client in this contract.

Kind regards,
Murilo Modena Boscato
